Competition Terms and Regulation (PIPR)

Activation fee US\$580/Pigeon.

Acceptance Period 1st March – 30th June 2025.

An activation fee of 1 pigeon is required on the day entering the first pigeon (US\$580/Team)
After passing the 120 km qualifying toss, for the pigeons that return within the first 3 days, deduct the first pigeon. The remaining activation fee must then be paid in full within 5 days.

In the event of participant does not pay the rest activation fee within the specified time. or not fully paid according to the invoice collected by the organizer, every pigeon from that team will be “cut-off” or considered remove from the race. In this case, the organizer will take ownership of these pigeons and will have the right to take any actions as deemed appropriate and not to refund some activation fee.

Example: TEAM DAY sent total 12 pigeons and paid activation 1 pigeon upfront. There are 8 pigeons passed qualifying toss 120 km. Therefore, organizer will invoice the outstanding balance $7 \times \text{US\$580} = \text{US\$4,060}$.

In the event of participant who has no pigeon to be basketed in Qualifying toss 120 km., The prepaid activation fee US\$580 shall be refunded.

ACE PIGEON RULES

The Ace Pigeon is determined based on flight times recorded by the Benzing system across five race distances: 245 km, 280 km, 330 km, 440 km, and 540 km.

The pigeon with the shortest total flight time will be awarded the title.

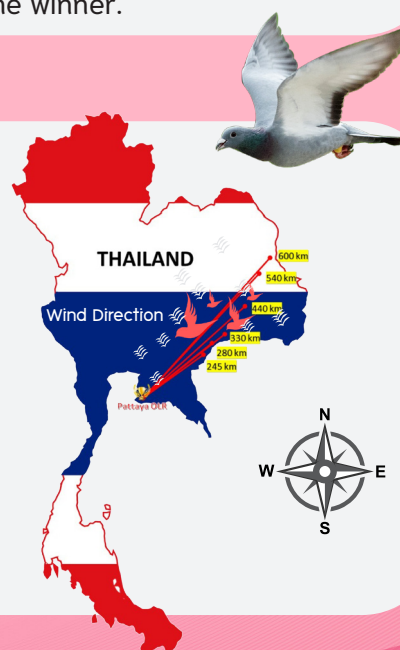

In the event of a tie, the flight time from the 540 km race will serve as the tiebreaker, with the pigeon having the shortest time in this race declared the winner.
